Frame Running Coaching Course

Once again, we are arranging a course for new Frame Running coaches. The instructors of the course are the experienced coaches from the Danish National Frame Running Team. They will be sharing their training methods and guide the participants through theoretical and practical exercises.

There must be a minimum of 5 participants for the course to be completed.

Click [here](#) for more information.

Team Manager

Each country must choose a Team Manager to oversee the communication with the camp organizers before and during the camp. From May 15th, the camp organizers will post important new information through a Facebook group and Whats App conversation, which all team managers will be added to by the camp organizers. Therefore, remember to choose a team manager from your team when you fill out the online registration.

If a country has more than one team attending the camp, they must choose only one person to represent all the teams as the country's team manager. During the month of May, we will make inquiries about the name of this person.

Frame Running Masters-Cup

What is the Frame Running Masters-Cup?

As something new, this year we have introduced the Masters-Cup for athletes who are 30 years old or older or will turn 30 before January 1st 2025.

With the Masters-Cup, we aim to provide athletes aged 30 and above a fair opportunity and make them feel like they still have a chance to win. The Masters-Cup is designed for athletes aged 30 and above who want to continue participating and competing in Frame Running but may feel that they can't quite keep up with the younger competitors. Athletes will be categorized based on their class and age, ensuring fair competition.

The rules are as follows:

- Athletes are divided based on both class and age, with a 10-year age range. For example, an athlete in class T71 who is 33 years old will be placed in the Masters category T71 30-40 years, and so on.
- Medals will be awarded without the use of the minus-1 rule, meaning medals will be awarded regardless of the number of participants in the Masters category. Flag raising will only occur during medal ceremonies if there are 1st, 2nd, and 3rd place winners of the same gender, age, and class.
- A Masters athlete can compete in the same heat as non-Masters athletes. In such cases, the Masters athlete will have their own final race within that heat.
- The results of Masters athletes will be posted on the website in a special "Masters" ranking list.

Competition Regulative

The competition is held in accordance with the World Para Athletics rules and takes place in accordance with the international classification standards. When distributing the prizes, we will follow the international standards. Read the World Para Athletics rules and regulations here: www.paralympic.org

To optimize the races, the competition organizers retain the right to mix runners from different classes in each heat. It will be possible for athletes to participate in the competition even though they have not participated in the Camp. It will cost 850 DKK including disciplines and 3 X lunch.

If an athlete only participates in the Cup and not in the Camp, the participant must be classified in advance by an international classifier. The event will consist of 3 competitions that are running simultaneously to offer participants of all ages and classification groups the possibility to compete.

The maximum number of events per athlete is limited to 4 events. In the final registration, the athlete chooses which disciplines they wish to participate in. It is possible to change disciplines until the first team manager meeting on July 7th. After this date, it is NOT possible to change disciplines. Therefore, it can be a good idea to choose disciplines in consultation with your local coach. However, an athlete always has the option to withdraw from a discipline without affecting their participation in the rest of the competition.

Which competition an athlete will compete in, depends on which age group and classification group the athlete belongs to.
